

The North Carolina Division of Child Development & Early Education (DCDEE)
Integrating Trauma-Informed Care Practices in Infant-Toddler Child Care
Settings
(RFA 002-ITCCDF-2022)

QUESTIONS & ANSWERS

| Questions | Answers |
|--|---|
| Q1. Would DCDEE consider funding the inclusion of a comparison group to more accurately evaluate effects of the program proposed? In other words, would it be acceptable to propose a wait-list group in the data collection activities? | A1. The RFA states to “ <i>Develop a plan to establish performance monitoring at multiple levels of operations, from programmatic to participant levels, and regularly reported, evaluated, and used performance information for continuous quality enhancement. The evaluation system shall include methods for process and outcome evaluation.</i> ” It is up to the applicant to determine the components of the monitoring/evaluation system. |
